

2024 ADULT EDUCATION FEEDBACK REPORT

Technical Notes

The Adult Education Feedback Report is produced by the Kentucky Center for Statistics (KYSTATS) utilizing data from the Kentucky Longitudinal Data System (KLDS). Data sources leveraged for this report include data from: Kentucky Longitudinal Data System (KLDS), Council on Postsecondary Education (CPE), Kentucky Higher Education Assistance Authority (KHEAA), Kentucky Adult Education, Cabinet for Health and Family Services, American Community Survey (ACS), and Unemployment Insurance (UI).

Occasionally, data from one source will not conform to data from another source because of differences in student cohorts, how variables are defined, how variables are calculated, the treatment of missing data, and other factors. This means that data published in this report may not be comparable to data published in other reports. For specific details about metric formulas, please refer to Appendix A. Some values are redacted to preserve individual privacy and conform to state laws. Redaction rules can be found in Appendix B.

The report is divided into four sections: (1) Enrollment & County Profiles, (2) Postsecondary & Workforce Outcomes, (3) Barriers, and (4) Local Provider Goals (Data Provided by Adult Education).

Questions these dashboards answer:

1. What is the demographic breakdown of enrollees in Adult Education?
2. How many enrollees are in corrections?
3. What are employment and wage outcomes for enrollees after they have completed Adult Education?
4. What are the barriers to employment that prevent enrollees from obtaining employment?
5. What are goals for local providers and are they reaching those goals?

The Adult Education Feedback Report allows filtering by Kentucky Local Providers.

Menu / Preface:

This section provides a brief description of the report, including data sources and the cohort years used. Technical notes can be accessed by clicking the Technical Documentation link, which define the terminology and methods of analysis in the report. This report has four tabs: Enrollment & County Profiles, Postsecondary & Workforce Outcomes, Barriers, and Local Provider Goals as shown below.

Dashboard 1: Enrollment & County Profiles

State Level Enrollment:

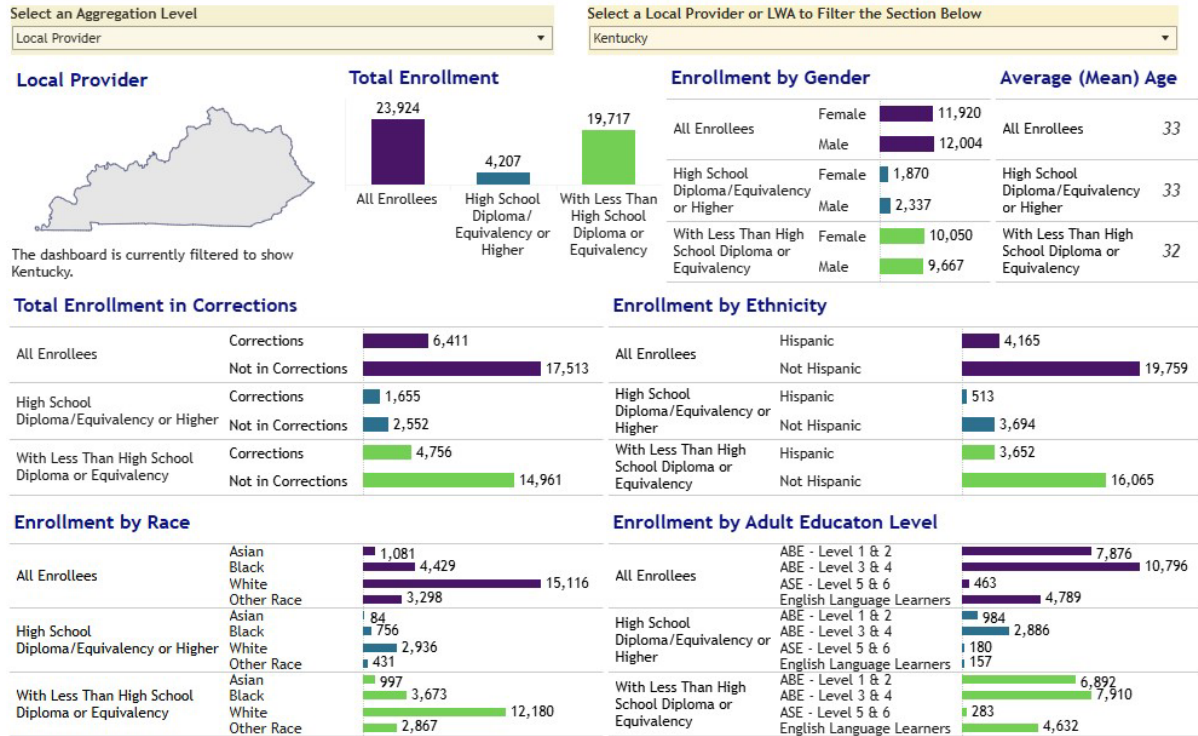

This section provides an overview of enrollment for adult education enrollees. It displays a number of total adult education enrollees, gender, race, ethnicity, adult basic education (ABE) and adult secondary education (ASE), and presence in Corrections for enrollees for the state of Kentucky. The totals are grouped in rows by enrollment type. The enrollment types include enrollees with less than high school diploma or equivalency, enrollees with a high school diploma/equivalency or higher, and all enrollees.

State Level Enrollment

	Total	Female	Male	Hispanic	Not Hispanic	Asian	Black	White	Other Race	ABE - Level 1 & 2	ABE - Level 3 & 4	ASE - Level 5 & 6	English Language Learners	Corrections
All Enrollees	23,924	11,920	12,004	4,165	19,759	1,081	4,429	15,116	3,298	7,876	10,796	463	4,789	6,411
High School Diploma/Equivalency or Higher	4,207	1,870	2,337	513	3,694	84	756	2,936	431	984	2,886	180	157	1,655
With Less Than High School Diploma or Equivalency	19,717	10,050	9,667	3,652	16,065	997	3,673	12,180	2,867	6,892	7,910	283	4,632	4,756

Local Provider or LWA Level Enrollment:

This section provides an overview of enrollment for adult education enrollees by Local Provider or State Institution. In the first drop-down box, one can choose to show results for a single Local Provider or State Institution, or aggregate results by all Local Providers and State Institutions within a Local Workforce Area (LWA). If the former choice is made, a single Local Provider or State Institution must be chosen from the second (filter) drop-down box. If the latter, a LWA must be chosen from the filter drop-down box. This section displays number of total adult education enrollees by gender, mean age, race, ethnicity, and adult basic education (ABE) or adult secondary education (ASE). In addition, the presence in Corrections for enrollees by Local Provider is shown, and results are also grouped by enrollment type: *All enrollees, high school diploma/equivalency or higher, and with less than high school diploma or equivalent.*

County Profile Census Metrics

This section displays metrics that provide an overview and demographics of Kentucky Adult Education Providers (Fiscal Agents). Metrics include the population of people between the ages 18 to 64, those with less than a high school diploma age 18 to 64, and percentage of those with less than a high school diploma age 18 to 64. These metrics are the most recent year available, find more info about the data sources below in Appendix A.

Dashboard 2: Postsecondary & Workforce

Outcomes

This section examines the success of GED programs and explores postsecondary outcomes for GED earners by Fiscal Agent. These outcomes may also be displayed according to presence in Corrections and can be shown per local Provider or aggregated by LWA. Several results are displayed in this section: the number of Enrollees with Less Than a High School Diploma or Equivalency, the number of GED Earners, the number of GED earners enrolling in postsecondary, and the median credit hours attempted by GED Earners in the first year of postsecondary. Each column is sorted in descending order.

Employment Outcomes Two and Four Quarters after GED Completion

This section displays employment and wages for GED earners two and four quarters after GED completion and are also aggregated and filtered by the drop-boxes in the previous section. There are columns which include employment counts, employment percentages, and median wages for quarter two and four after program completion. GED earners are those that entered adult education with neither a GED nor a high school diploma and completed their GED within two years.

Dashboard 3: Barriers

Statewide Barriers

This section displays the number of individuals statewide with self-identified barriers to employment as identified by the Workforce Innovation and Opportunity Act (WIOA). It displays displaced homemakers, ex-offenders, those that exhaust TANF within two years, homeless runaways, individuals with disability, long term unemployed, low-income individuals, migrant workers, single parents, and youths in foster care.

This section displays the number of individuals with a self-identified barrier to employment. This section can be filtered by local provider or LWA and can also be filtered by one of three enrollee types: all enrollees, those in corrections, and those not in corrections. Individual counts are displayed for each barrier type. The percentage for each barrier type serviced by a local provider is also displayed.

APPENDIX A: METRIC FORMULAS

Data Sources:

Council on Postsecondary Education (CPE): Provides data from the Kentucky Postsecondary Education Data System (KPEDS). This system contains comprehensive information on postsecondary enrollments, coursework, grades, and degrees earned for all in-state postsecondary students that attend one of the following institution types: 4-Year Private (Independent), 2-Year Public (KCTCS), 4-Year Public Comprehensive, and 4-Year Public Research. In-state proprietary and out-of-state institutions are not included in this data system.

Kentucky Longitudinal Data System: KYSTATS collects and links data to evaluate education and workforce efforts in the Commonwealth. These data are maintained by KYSTATS in Kentucky's statewide longitudinal data system (KLDS). Information is only attributed to the KLDS when it is derived from multiple data sources through a series of primacy rules. All other data maintained within the KLDS is attributed to the original data source.

Adult Education formerly Kentucky Skills U: Adult Education is Kentucky's adult education program and provides KYSTATS with data on adult student programs that help students to gain the academic skills and credentials they need to transition to postsecondary education, function productively in the workforce and support their families.

Unemployment Insurance (UI): This system contains information on all wages and employment covered by the Kentucky Unemployment Insurance System. This is estimated to cover 90% of employment in Kentucky. Annualized wages are based on the Federal Fiscal Year (FFY), which runs from October 1st through September 30th. For instance, the 2019 FFY encompasses the time period of October 1, 2018, through September 30, 2019.

United States Census Bureau: The United States Census Bureau is a principal agency of the U.S. Federal Statistical System, responsible for producing data about the American people and economy.

All Adult Education Enrollees: The number of enrollees in adult education programs.

Data Source: Adult Education

Data Element: AE_Data: AE_CountasEnrollment = '1'

GED Enrollees: The number of enrollees in adult education with neither a GED nor a high school diploma.

Data Source: Adult Education, KDE

Data Elements: AE_Data: AE_hsdiplomaged = 'Neither' or 'NA'

Adult Education Entrance Level: The number of students in each functional level prior to enrollment in Adult Education. Also, the count under the section Adult Basic Education (ABE) enrollment.

Postsecondary & Workforce Outcomes

Local Provider (Fiscal Agent): Locations are based on where the GED credential was earned, or adult was enrolled.

Enrollees with Less than HS Diploma or Equivalent: The number of enrollees in adult education programs. Count only includes those adults with 12 or more hours of enrollments with program type “Adult Education or ESL”.

Data Source: Adult Education

Data Elements: AE_Data: AE_CountasEnrollment = ‘1’, AE_hsdiploaged = ‘Neither’ or ‘NA’

GED Earners: The number of GED enrollees, and the number of those who completed their GED successfully. Only those who enrolled in Adult Education with neither a GED nor High School diploma are considered GED enrollees, and only those who completed within two years are listed as successful.

Data Source: Adult Education

Data Elements: AE_Data: AE_GEDStatus = ‘1’, AE_hsdiploaged = ‘Neither’ or ‘NA’, Yearstoged < 3

APPENDIX B: REDACTION RULES

Redaction Rules

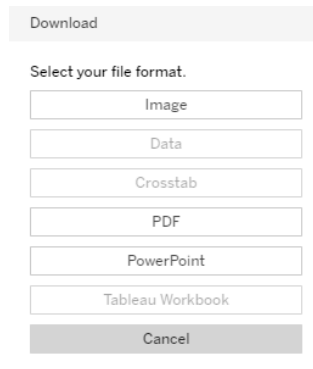

KYSTATS follows strict redaction and suppression guidelines to ensure the privacy of all individuals. The following rules were applied to the Adult Education Feedback Report to redact or mask some of the data based on the small cell-size counts that could be used to identify individuals. In general, categories must have a base denominator of 10 to be present in the report. The sum of all redacted values in a group or groups must be at least 10 as well. More specifically, KYSTATS redacts all values between 1 and 9 and those where the values can be determined by calculations. (For example, by figuring out a value between 1 and 9 by subtracting unredacted from total - If two categories are exhaustive (ex: males and females) and either group has less than 10 students, both groups are redacted.) Zeroes are not redacted. All rules apply at the school, district, and state level. All graphs include data already presented in the report unless otherwise noted. If these data are redacted in the report, they are also redacted in any accompanying charts and graphs.
